Academics will be a time for students to review the concepts learned during the school year in all categories, including reading, math, writing and science in a fun and educational environment. Help your children retain the skills that they have developed over the school year so that they start off the 2021-2022 school year prepared and ahead of the game!

Academic Chess is fun for all level players and will teach children to think deeply, gain confidence, solve problems, develop patience, evaluate positions, compete well, visualize results, and strategize and plan!

Yoga is taught in a uniquely designed program that introduces yoga to children in a fun way! A certified yoga instructor weaves fun yoga postures into games and stories. The children get to use their imagination and creativity along with themed and age appropriate music.

TennisKids is a leader in youth tennis development. They provide a teaching environment that encourages and respects a child's natural development. Tennis fundamentals are taught through fun games and child friendly activities!

Soccer Shots is a uniquely designed program that will introduce soccer to students in a fun, safe, and controlled environment. Experienced coaches will teach basic soccer skills to each child as they enjoy fun games,

competitions and prizes. This program also emphasizes character-forming lessons such as fair team play, individual concentration and cooperation, and encouragement.

Martial Arts will teach students to develop an effective means of protecting themselves, and if required, to protect others. A mix of jiu-jitsu techniques and Kempo will focus on not only physical strength, but it will help improve the character of the children.

Arts and Crafts will encourage creativity, individuality, and expression through various artistic crafts and mediums. Students will have fun making beautiful crafts to give as gifts or keep for themselves. You and your child will be impressed with the delightful projects that they bring home!

Library Time will be an opportunity for the children to have both independent reading, as well as have stories read to them by the teachers.

Indoor Group Play will be an activity that allows the children to play fun games, while encouraging sportsmanship!
